

Privacy Policy

Lesley Hunter is committed to safeguarding your privacy online. The following statement explains how your personal information will be treated when you access the website www.lesleyhunter.com.

The website does not capture or store personally-identifying information (such as your email address, name, title, or postal address) without your knowledge when you visit it. You are always prompted to choose to provide such information either through the 'contact' or 'subscription' options.

The information you supply will be used for the purpose specifically designated. For example, responding to your request for information or providing you access to downloadable resources. Your details may be used to contact you with current and future information about our work and activities. However, you will always have the opportunity to opt out of receiving further information by simply sending an email to mail@lesleyhunter.com specifying 'opt out' in the message title.

When you are on the www.lesleyhunter.com website and are required to submit personal information, you are sharing that information with Lesley Hunter alone, unless otherwise stated. Except as may be required by law, Lesley Hunter will not pass your personal data to any other outside organisations or individuals. This website has links to other sites which may contain information that is useful and of interest to you. This privacy statement only covers the www.lesleyhunter.com website. Lesley Hunter is not responsible for the content, views or accuracy of information on external internet sites.

All personal data is held in accordance with the UK Data Protection Act 1998. You are entitled to know about the personal information Lesley Hunter holds about you and you also have the right to have your data updated, corrected or deleted. Please contact Lesley Hunter by email on mail@lesleyhunter.com if you have a Data Protection query.

www.lesleyhunter.com is hosted by 1and1 Internet Ltd. The host may use cookies (text files that identify your computer to our server) and IP addresses (the domain from which you access the internet) to indicate which pages have been accessed. This information is collected automatically to provide web page statistics and is not linked to any personal data, so browsing is anonymous.
